Customer Problem Statement:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A home buyer	Find a house that matches my budget and requirements	There are many property options with different prices and features	It is difficult to compare house age, renovations, bathrooms, bedrooms, and location	Confused about selecting the best property
PS-1	A real estate analyst	Identify the key factors affecting housing prices	Housing data contains multiple variables that are difficult to analyze manually	I cannot easily determine which features have the greatest impact on property value	Unsure about making accurate market predictions
PS-1	A real estate company manager	Improve pricing strategies and increase property sales	I lack clear insights into housing market trends and customer preferences	Without data-driven visualizations, it is difficult to optimize pricing and marketing decisions	Concerned about losing sales opportunities and market competitiveness
